

Dr Zehra Husain has done her Medical graduation from Calcutta National Medical College in 1988 and, thereafter, her post graduation in General Surgery from Gandhi Medical College, Bhopal, in 1993.

She joined the Department of Neurosurgery at G B Pant Hospital and Maulana Azad Medical College, New Delhi as a post doctoral Student in 1994 and was awarded the MCh (Neurosurgery) degree in 1996.

She was awarded the Sugita Fellowship in 1997, from the Department of Neurosurgery, Nagoya University School of Medicine and Fellowship in Microneurosurgery from Fujita Health University, Japan.

She continued her tenure in The Department of Neurosurgery, G B Pant Hospital, New Delhi as a Senior Research Associate till 1998.

Through 1998 to 1999, she completed her Fellowship in Skull Base Surgery and Microneurosurgery from the University Hospital Zurich, Switzerland, and Medizinische Hochschule Hannover, Germany.

She joined the St. Stephen's Hospital, Delhi as Consultant and Head of the Department from 1999 till 2002. She established the Department of Neurosurgery in this reputed more than 100 year old Hospital situated in the heart of Old Delhi. After attending a Neuroendoscopy Workshop in Mainz, Germany, in 2000, she started Neuroendoscopic procedures and conducted the First Live Neuroendoscopy Workshop in St Stephen's Hospital, Delhi, under the stewardship of Prof Michael Gaab.

Since 2003 she has been working as Consultant and Head of the Department of Neurosurgery in the Almana Group of Hospitals, in the Eastern Province of Saudi Arabia. This is a state of the art, JCI accredited group of hospitals catering to the large expatriate and indigenous community of this region. Her areas of interest are skull-base surgery, neurovascular surgery, awake craniotomy and spine surgery.

Dr Husain is passionate about neurosurgical teaching, reading and traveling
