Pre-Conference Workshop

16th (Workshop) and
17th (CME) of August 2019
at **Raviz Kadavu, Calicut**

Dear Colleagues and Friends, Greetings from the organizing committee of 9th Kerala Interventional Neurology Conference.

It gives us pleasure to announce the 9th KINCON to be held at The RavizKadavu, Calicut in 12th successive year since the 1st KINCON that was organized in the year 2008 at Perinthalmanna.

KINCON is a platform for practicing neurointerventionist to share their experiences on important field of stroke and neurointervention and apply constant learning for the treatment of complex cerebrovascular diseases and acute stroke situation in our patient population. In a rapidly evolving knowledge base it becomes important to update and discuss the changing paradigm of management for right indications and case selection on one side and selection of a technique and tools on the other, which can adapt to our population and resources. The Stroke and Neurointervention Foundation with its objectives has been instrumental in advancing knowledge, training and learning in the field of neurointervention and stroke especially with focus on the underdeveloped regions of the nation. KINCON is one of such continued efforts.

We have created carefully a scientific program for both trainees and young Neurointerventionist to be benefitted from experiences of the learned faculty. The Stroke Intervention workshop will include to the point learning on the subject through lectures, material workshop and video workshop. It will cover the basics of neurointervention including how to perform a safe cerebral DSA, carotid stenting and various procedures of acute stroke intervention and advance aspects of various device use and selection. The scientific committee has applied for the CME credit points, with Travancore Cochin Medical Council, for this conference.

We invite you to participate in the 9th KINCON that promises to be a great learning experience. The residents of neurology, neurosurgery and neuroradiology will be considered for a subsidised registration fee.

Looking forward to welcoming you. Best regards,
Organising Committee
